REQUEST FOR CORRECTED FILING RECEIPT

Assistant Commissioner
for Patents
Washington, D.C. 20231

August 5, 1998

Sir:

Attached hereto is the filing receipt for the above-identified application, wherein it is noted that the customer number 020457 of the law firm indicated below is missing from above the correspondence address on the filing receipt as indicated in red on the filing receipt, and the number of drawings is incorrect.

Enclosed is a copy of a change of correspondence address (form PTO/SB/122) submitted with the application papers on March 31, 1998, to associate the application with customer number 020457. However, it appears that this form was not processed by the PTO, thereby causing the customer number to be omitted from the filing receipt.

Accordingly, it is respectfully requested that a corrected filing receipt be issued showing customer number 020457 above the correspondence address, and the number of drawings to be --TEN (10)--.

Respectfully submitted,

FOREIGN FILING LICENSE GRANTED 05/04/98

TITLE

A DYNAMIC RAM

PRELIMINARY CLASS: 365

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.62 which meets the provisions of 37 CFR 5.15(a). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may file the application pursuant to 37 CFR 5.15(b).
